QUEENSTOWN MEMORIAL HALL

The main auditorium space offers a variety of seating options and features a mezzanine balcony allowing for theatre and dining options. Incorporated into the complex are three function rooms and a commercial kitchen.

Another unique feature of the building is the outdoor patio deck suitable for summer BBQs. The adjacent recreation ground presents outdoor or marquee facilities.

The technical side of the building includes an in-house public address system, three phase power, and excellent sound and lighting infrastructure.

The key to Memorial Hall's success is its flexibility; whether you're conferencing, holding an exhibition, presenting a show or running a themed spectacular - it is THE venue of central Queenstown.

LOCATION Right in the heart of the Central Business District. There is plenty of parking close by at the Man Street car park which is covered, safe and security-monitored 24 hours a day.
